| 1999-2000 | Laparoscopy training, Department of Surgery, Sina Hospital, Tabriz, Iran |
| 2006- 2007 | Andrologic Clinical Attachment, University college London, London, England |

CURRENT ACADEMIC ACTIVITIES:

From 1995 until now :

- Assistant Professor of Urology, Urologic Department, Sina Hospital,
Tabriz University of Medical Sciences, Iran
- IVF Center of Dr. Majidi, Azahra Hospital, Tabriz University of Medical Sciences, Iran

MEMBERSHIPS AND OFFICES IN PROFESSIONAL SOCIETIES:

- Iranian Urological Society
- European Association of Urology

RESEARCH ACTIVITY :

Presentations and Lectures:

- 17 May 1993 Evaluation the antibiogram of urinary tract cultures in
department of urology**
11th Iranian Congress of Physiology & Pharmacology
- 18 June 2003 Relationship between length and intensity of clinical symptoms and
bladder wall thickness in Prostate Hyperplasia**
6th Iranian Urologic Congress
- 18 June 2003 Relief of acrosome reaction after varicocelelectomy : Prospective study**
6th Iranian Urologic Congress
- 20 June 2003 The results of Percutaneous epididymal sperm aspiration in complete
maturation arrest**
6th Iranian Urologic Congress
- 21 Jan 2004 Induced acrosomal reaction in human sperm and in vitro fertilization
results**
SIU 2004
- 18 June 2004 Erectile Dysfunction in Ischemic Heart Disease**

7th Iranian Urologic Congress

18 June 2004 **Polyorchidism: An incidental finding in a 65 year-old man presenting with right-sided hydrocele (Case Report)**

7th Iranian Urologic Congress

15 June 2005 **Familial History in Patients with Kidney Stone: The effect of Age**

8th Iranian Urologic Congress

15 June 2005 **Correlation of height and weight with degree of varicocele in 18 –30 years age group**

8th Iranian Urologic Congress

7 March 2006 **The effect of cigarette smoking and varicocele on the spontaneous abortion.**

2th Iranian Fertility & Infertility Congress

9 June 2006 **Relation of Benign prostate hyperplasia with Acne**

9th Iranian Urologic Congress

9 June 2006 **Varicolectomy and antisperm antibody in serum and semen**

9th Iranian Urologic Congress

17 May 2007 The effects of unilateral testicular atrophy on semen parameters

10th Iranian Urologic Congress

17 May 2007 Frequency of infertility history in patients with benign prostate hyperplasia

10th Iranian Urologic Congress

- **Squamous cell carcinoma of Scrotum, Case Report (Accepted in Medical Journal of Tabriz University)**
 - Familial History in Patients with Kidney Stone: The effect of Age (in press)

Supervisor of Theses:

Residency:

- Sonographic diagnosis of urethral stenosis (1373)
- Improvement of sperm acrosomal reaction recovery after varicocelelectomy: A prospective study (1379-1380)
- Induced acrosomal reaction in human sperm and in vitro fertilization results (1382-1383)
- Study of leucospermial effect on quality and quantity parameters of sperm (Advisor) (1383-1384)
- Prevalence of Infertility in Tabriz- Iran 2004 (1383-1384)
- Detection of antisperm antibody before and after varicocelelectomy (Advisor) (1385)
- Are the intranasal Desmopressin and intra muscular Tramadol reduce the requirement of Pethidin in renal colic (in press)
- Variation of Leptin Levels in spermatic vein blood, peripheral blood and semen of varicocele Patients (in press)

Doctorate :

- Evaluation of erectile dysfunction in patients with hemodialysis in sina hospital - Tabriz (1376-1377)
- Incidence of blood groups in 100 patients with bladder tumor at Sina hospital (1377-1378)
- Prevalence of male factor in Infertile couples at Azahra hospital (1381)
- Erectile impotency in patients with ischemic heart disease (1381-1382)
- Effect of smoking on semen analysis parameters in Infertile with and without varicocele (1381-1382)
- Correlation of height and weight with degree of varicocele in 18 –30 years age group (1382-

- 1383)
- Study on disorders of sperm morphology in oligospermic patients (Advisor) (1382-1383)
 - Benign prostate hyperplasia and male baldness (1382-1383)
 - Prevalence of varicocele in primary and secondary Infertility in men (Advisor) (1382-1383)
 - Evaluation effect of different age groups in incidence of familial history in patients with kidney Stone (1383)
 - Chromosomal changes in azoospermic patients (Advisor) (1383)
 - Relationship between length and intensity of clinical symptoms and bladder wall thickness in Prostate Hyperplasia (1383-1384)
 - The results of percutaneous epididymal sperm extraction in complete maturation arrest (1383-1384)
 - Effect of cigarette smoking and varicocele on spontaneous abortion (1383-1384)
 - Relation of Benign prostate hyperplasia with Acne (1384)
 - The effects of unilateral testicular atrophy on semen parameters (1385)
 - Frequency of infertility history in patients with benign prostate hyperplasia (1385)
 - Study on ethiologic factor in male and female secondary infertility (1385)

Research Proposal:

- Incidence of asymptomatic bacteriuria in pregnant women who consult to health centers of Tabriz in 1381-1382 (1383)
- Prevalence of Infertility in Patients with Benign Prostate Hyperplasia (1385)
- Laparoscopic groin exploration and management for non palpable testes: A new Approach (in press)
- The effects of unilateral testicular atrophy on semen parameters (1385)
- Influence of Leukospermia on Semen Parameters (1384)
- Are the intranasal Desmopressin and intra muscular Tramadol reduce the requirement of Pethidin in renal colic (in press)
- Variation of Leptin Levels in spermatic vein blood, peripheral blood and semen of varicocele Patients (in press)
