

Brief Curriculum Vitae

Hosein Azizi

Ph.D in Epidemiology

Graduated from Tehran University of Medical Sciences (TUMSs)

Personal Information:

Date of Birth: Sep 21, 1986

Place of Birth: Miandoab

Nationality: Iranian

Marital Status: Married

Profiles in:

Scopus: <https://www.scopus.com/authid/detail.uri?authorId=56641053500>

Google Scholar

Postal Address: Tabriz, Vila Shahr, Baharan, P. O. Box. 5168757165

Mobile: +989146085737

E. Mail Address: aziziepid@gmail.com

PhD Thesis title

Development and validation of an online and simulated tool for assessment of health care providers' performance for malaria elimination through Lot Quality Assurance Sampling (LQAS);

(Joint project with WHO)

Supervisors

Prof. Reza Majdzadeh AND Prof. MohammadAli Mansournia

Advisors

Prof. Allan Schapira, Asso Prof. Ayat Ahmmadi, and Asso. Prof. Ahmad Raeisi

MSc Thesis

Risk of colorectal cancer in type 2 diabetic patients

Profile

Well-skill in Methodology and recognize biases in medical studies, Data analysis with the statistical packages, Health System Research (HSR) and Disease Surveillance, Cancer epidemiology, Mental Health, and Interpreting results to provide solutions to existing problems.

Career/Job History

- | | |
|------------------|--|
| 2018-2022 | <ul style="list-style-type: none">1) Epidemiology and Bio-statistics Advisor: Government University Hospitals, Research Vice-chancellor, Tabriz Medical University Hospitals2) Research Expert and Reviewer, Research Center of Psychiatry & Behavioral Sciences, Razi Psychiatric, Hospital, Tabriz University of medical sciences |
| 2013-2018 | <ul style="list-style-type: none">3) Research Director: Malekan Health Network, Tabriz Uni Med Sci2) Technical Director: Malekan Health Network, Tabriz Uni Med Sci4) Director of Center for Non-communicable Diseases Control: Malekan Health Network, Tabriz Uni Med Sci |
| 2010-2012 | <ul style="list-style-type: none">5) Excellent Health Expert in Health Centers of Miandoab, Vice-Chancellor for Health, Urmia University of Medical Sciences. |

Brief Curriculum Vitae

Academic degrees/ Qualification

- 2018- 2022** **Ph.D in Epidemiology**, Dep. Epidemiology & Biostatistics, **Tehran** University of Medical Sciences, **Tehran**, Iran
- 2012-2015** **MSc: Epidemiology**, Department of Epidemiology, School of Health, **Ilam** University of Medical Sciences Ilam, Iran
- 2006-2010** **BSc: Public Health**, School of Health, **Isfahan** University of Medical Sciences. Isfahan, Iran
- 2004** High school diploma. Miandoab, Iran

Key Skills and Achievements

- Study design and methodology
- Lot Quality Assurance Sampling (LQAS)
- Health Systems & Surveillance
- Mental Health & Suicide Prevention
- Epidemiological Evidence in Health Systems
- Meta-Analysis and Meta-regression
- Case-control Studies
- Malaria Elimination and Control
- Statistics

Research Interests

- Utilization of Epidemiological Evidence in Health Systems (Decision making in clinical, policymaking, and public health)
- Cancer Epidemiology
- Mental Health and Suicide Prevention
- Disease Surveillance System
- Infectious Diseases

Software's

SPSS, STATA, EndNote, G-Power, Rev Man, MS Excel, MS Word, MS PowerPoint

Language

Azeri Turkish (Mother tongue), Persian (good), English (Advance), English writing (good)

Teaching Experience

Academic courses:

- ***Epidemiology and Common Diseases in Iran*** at **Master** and **BSs** levels: Tabriz University of Medical Sciences
- ***Communicable Disease surveillance*** at **Master** level: Tabriz University of Medical Sciences
- ***Common Diseases in Iran*** at **BSs** level: Tabriz University of Medical Sciences
- ***Community Health, Nurse students, Master and BSs*** levels: **Tabriz** University of Medical Sciences AND School of **Nursing**, Urmia Uni Med Sci, **Miandoab**
- **Research Methods**: BSs level. Islamic Azad Uni, Malekan

Teaching at workshops:

- ***Research Methodology***, *Research Vice-chancellor*, Tabriz University of Medical Sciences
- **General principles for reporting study result and statistical interpretation**: *Research Vice-chancellor*, Tabriz University of Medical Sciences
- **Scientific Writing** for medical teachers and students (*Research Vice-chancellor*, Tabriz University of Medical Sciences)

Brief Curriculum Vitae

Thesis Advisor

- MD level: 2
- Dentist: 1

Awards & Achievements

- **Excellent Researcher** in Primary Health Care (PHC) at Tabriz Uni Med Sci – 2017

Workshops

- Scientific Writing
- Search Strategy
- **Fellowship course** of Health management- License number (**d/209/3255**)- From August 2016 to March 2017
- Systematic Review & Meta-analysis (1): Tehran, Uni Med Sci
- Systematic Review & Meta-analysis (2): Tabriz Uni Med Sci
- Policy Brief (Tehran & Tabriz Uni Med Sci)
- Cardiovascular risk prediction of Iran Package of Essential Non-communicable Disease (IraPEN)
- Behavioral disorders in children and adolescents
- Mendeley software
- Common Psychiatric Disorders
- دوره فلوشیپ مدیریت شبکه بهداشتی و درمانی – شماره مجوز ۹۵/۳۲۵۵ د/۲۰۹/۳۲۵۵
از تاریخ ۹۵/۶/۲۵ الی ۹۵/۱۲/۲۵
- Influenza Surveillance System (Ministry of Health)
- SIB (Integrated Health System)

Memberships (Scientific)

- Iranian Epidemiological Association
- Iranian public health association
- Editorial Board of “Annals of Public Health” Journal
- Reviewer Board of “Research Center of Psychiatry and Behavioral Sciences” at Tabriz Uni Med Sci

Memberships (Islamic and socio-cultural)

Basij (mobilization)

- **2004 to 2006** (2 years) : Regular
- **2006 to 2007** (1 year) : Active;
- **2007 to 2022** (21 years) : Cadre
- **2020 to 2022** (3 years) : Medical association

Journal Reviewer

- Health Promotion Perspective (HPP),
- Journal of Medical Virology,
- Women’s Mental Health,
- Red Crescent,
- BMC Public Health (suicide)
- Journal of Suicide Prevention,
- Medical J Tab Uni Med Sci,
- Research Center of Psychiatry and Behavioral Sciences;
- Depiction of Health
- Other journals

Grant recruitment

- The Iranian Red Crescent Society, *August, 2022*
-

Papers/Research projects were lead to the Impact (utilization)

- 1) Development and implementation a suicide prevention program in Malekan County
- 2) A Case-Control Study of Timely Control and Investigation of an Entamoeba Histolytica Outbreak by Primary Health Care in Idahluy-e Bozorg Village, Iran
- 3) Developing suicide prevention strategies in the general and psychiatric hospitals and medical settings

Paper Presented in National and International Congresses

1. Association between stressful life event and suicide risk- 9th *Iranian Congress of Epidemiology* -2019
2. Metabolic syndrome and risk of colorectal cancer- 9th *Iranian Congress of Epidemiology*-2019
3. Stressful life events and risk of Colorectal cancer: a case-control study- 2nd *International GI Cancer Congress*- Olympic Hotel- Tehran- 14-16 Oct 2015

Brief Curriculum Vitae

4. Risk of Colorectal Cancer in type2 Diabetic Patients - 2nd *International* GI Cancer Congress- Olympic Hotel- Tehran- 14-16 Oct 2015

Selected Research Projects

No	Project title	Type of cooperation	situation
1	Development and implementation a suicide prevention program in Malekan County	Executer	finished
2	The assessment of care quality control in diabetic patients	Executer	finished
3	A systematic review of suicide prevention in primary health care: strategies and challenges	Executer	finished
4	Assessing suspected malaria case management by first line health service providers in eliminating countries: a systematic review	Executer	in process
5	Study of socio-economic factors, motivation, encouragement, and reproductive preferences among women and men in East Azerbaijan Province in 2021	Executer	in process
6	epidemiologic survey of suicide in East Azerbaijan province _ Iran during 2007-2017	main colleague	finished
7	Developing a comprehensive surveillance system for COVID 19 among Iranian health system	main colleague	finished
8	Frequency evaluation and effective factors on transfusion rate in trauma patients in Shohada Educational and Medical Center of Tabriz	main colleague	finished
9	Assessing knowledge and attitude and practice about child abuse in care givers in primary health care in Tabriz	main colleague	in process
10	The epidemiological survey and determine the prevalence of psychiatric disorders in the employees cohort at Tabriz University of Medical science	main colleague	in process
11	psychological outcomes of COVID-19 among health workers	main colleague	finished
12	Evaluation of hospital care quality by TRISS method and survival predictor in road traffic injuries in East Azerbaijan in 2020	main colleague	in process
13	Epidemiology, case fatality and mortality rates of COVID-19 in the elderly population of East Azerbaijan Province: A population-based registry study	main colleague	finished

Brief Curriculum Vitae

14	Designing and performing questionnaire of evaluating the viewpoint of hospital staffs, patients and patients relatives about the limitation of patient visiting peoples in the hospital	main colleague	in process
15	Survey of the prevalence of occupational exposure and related factors among the staff working in Shohada Hospital per year	main colleague	in process
16	psychological outcomes of COVID-19 In the general population of Tabriz	main colleague	in process
17	Evaluation of Determinants and Factors Affecting the Failure of Fractured Bone Welding Process in Patients Admitted i Referral Shohada Hospital in Tabriz: A Prospective Study	main colleague	in process
18	Assessing the knowledge, Attitude and Practice of primary health care clients about child abuse in Tabriz city	main colleague	in process
19	Effect of adding Bupropion on Improving Sexual Function in Patients With Sexual Complications Due to SSRI	main colleague	in process
20	Review of systematic reviews for developing a suicide prevention program in the health system	main colleague	in process
21	Study of socio-economic factors, motivation, encouragement, and reproductive preferences among women and men in East Azerbaijan Province in 2021	Executer	in process
22	Assessment of care quality of type 2 diabetic patients using Lot Quality Assurance Sampling (LQAS) technique in primary health care	Executer	in process
23	Comparison of the effect of platelet-rich factor with corticosteroids in treatment of Oral Lichen Planus Patients: A systematic review	main colleague	in process
24	Elderly COVID_19 case fatality rate and Gross Domestic Product (GDP) : a systematic review and meta-analysis	Executer	in process
25	Clinical outcomes, epidemiology, and challenges of hospitalized cases with judicial order in Razi psychiatric hospital- Tabriz	main colleague	in process
