- اندنوت یکی از بهترین و جامعترین نرم افزارهای مدیریت منابع و مراجع حین نوشتن پایاننامه و دیگر متون پژوهشی می باشد.
- ورود مستقیم منابع از فهرستهای کتابخانه ای و پایگاهها به نرم افزار
- امکان سازماندهی منابع در گروههای جداگانه و جستجو در بین آنها
- امکان اتصال به **WORD** برای ایجاد و به روز رسانی استنادها به صورت اتوماتیک در مدرک
- دارای تعداد زیادی سبکهای کتابشناختی برای قالب بندی مقاله به طور اتوماتیک بر اساس سبک استنادی مورد نظر
- نسخه تحت وب در پرتال **Web of Science**
- الصاق متن کامل مقالات، جدول، نمودار و ... به منابع ذخیره شده در نرم افزار

Set up EndNote Library

If you already have an EndNote library, please locate it and we'll get it set up.

Open an existing library

Alternatively, you can start from scratch with a new library.

Create a new library

بعد از نصب اندنوت و اجرای آن برای استفاده از این نرم افزار لازم هست تا کتابخانه شخصی برای خود ایجاد کنیم و یا اگر از قبل در کامپیوتر خود کتابخانه ای داریم آنرا اجرا کنیم.

گروه هوشمند گروهی است که با توجه به استراتژی که در ایجاد آن تعریف می کنید با انتقال منابع جدید به صورت خودکار روزآمد می شود.

گروهها (Smart Group)

The screenshot shows a 'Smart Group' dialog box with the following elements:

- Title:** 'Smart Group' with a close button (X).
- Smart Group Name:** A text input field containing 'New Smart Group'. A red oval highlights this field with the Persian text 'نام گروه' (Group Name) and an arrow pointing to it.
- Criteria Table:** A table with three rows. Each row has a logical connector (And), a field name (Title, Year, Title), a relationship (Contains), and an empty text input field. Red arrows point to the empty input fields in each row.
- Buttons:** At the bottom, there are 'Options', 'Create', and 'Cancel' buttons. A red arrow points to the 'Create' button.

اساس کار گروه هوشمند بر روی استراتژی جستجوی
تعریف شده می باشد مثلا اگر تعداد زیادی از منابع
شما در نرم افزار در عنوان کلید واژه عبارتی **Heart**
attack را دارا می باشند می توانید در فیلد عنوان
این عبارت را وارد و در فیلدهای دیگر نیز تغییری بر
اساس استراتژی مورد نظر خود بدهید و در پایان
Create را کلیک نمائید گروه هوشمند شما ایجاد و
به طور خودکار روزآمد می شود.

Comments and limitations:

Author Guidelines:
http://www.nlm.nih.gov/bsd/uniform_requirements.html

Style Notes:
This style is based on the "Medical Journal" requirements in Citing Medicine published by the NIH. If you need the style that carries the PMCID or NIHMSID numbers please use the Vancouver-NIH style.

If a journal carries continuous pagination throughout a volume (as many medical journals do) the month and issue number may be omitted. The EndNote style for the Uniform Guidelines has chosen to omit the Month from the style in keeping with the most common use of the journal format.

Volume with Supplement: If a Journal Volume carries a supplement number then the supplement number should be inserted in the Volume field preceded by the abbreviation Suppl (no period)

Issue with Supplement: If a Journal issue carries a supplement then the supplement number should be entered into the Issue field preceded by the abbreviation Suppl (no period)

Journal Volume with Part Number: If a Journal Volume carries a part number the part number can either be entered into the Journal Volume field in parenthesis along with the abbreviation Pt (no period); or entered into the issue field preceded by Pt (no period) and it will be enclosed in parenthesis during formatting.

Journal Issue with Part Number: If a Journal Issue carries a part number the part number should be entered into the Issue field preceded by the word Pt (no period)

The screenshot displays a software interface with a dark sidebar on the left containing a list of groups under 'MY GROUPS'. The main area shows a document viewer with a 'Summary' tab selected. A 'Sharing Group test' dialog box is open in the center, showing sharing options for a group named 'test'. The dialog includes a 'Find People' search bar, a list of sharing partners (vazlib@gmail.com), and a 'Permission' dropdown set to 'Read & Write'. A red box highlights the sharing partner and permission information. Another red box highlights the 'Invite More People' section, which contains a text input field for email addresses. A red arrow points from a text box to this input field. The text box contains the Persian text: 'ایمیل همکار/همکاران پژوهشی را وارد کنید.' (Enter the email of your colleague/researcher).
